

TV 2510-NL

Wireless amplified hearing system. High quality noise-free sound transmission through inductive neck loop, cuts out background noise when used in conjunction with hearing aids or Cochlea Implant receivers equipped with T function.

FEATURES:

- With optical audio input for brilliant stereo sound quality (you need a Toslink/F05 cable and your output device must be equipped with an optical output).
- Superior comfort for long term use
- Sensitive built-in microphone enables hearing surrounding close proximity area (personal on/off activation from the receiver)
- 3.5mm output in the receiver for optional connection of Ear Phones /Head Phones allowing Stereo sound transmission through the receiver
- Mute sound source when surrounding microphone is activated
- Easy to use adjustable volume control
- Adjustable Tone Control & Balance for optimising sound quality
- Completely wireless – easy plug-and-play connection
- 2.4 GHz Digital UHF Transmission through walls and ceiling
- Unique connection for secured opening and closing of the neck loop making it easy and quick to wear and remove
- Rechargeable receiver (2 batteries included) with speed charging mechanism for simultaneous spare battery recharge
- Ultra clear sound.
- Auto-Off function when no audio signal is played
- Supplied with external microphone and attachment

TECHNICAL DATA:

- Input selector switch:
ST = Stereo (for Stereo input)
MO = Mono (for Mono input)
Modulation: GFSK
- Frequency: 2.4 GHz Digital
- Range: up to 30 meters
- Power supply (transmitter): Power adapter plug,
Output: 6 V DC, 550 mA
- Receiver battery life: Fully charged batteries up to 5 hours
- Charging time: For empty batteries approx. 2.5 hours

WEIGHT:

- Receiver: approx. 76 x 26 x 68 mm – approx. 78 g
- Transmitter and charging base: approx. 130 x 130 x 35 mm – approx. 115 g

COLOUR: Dark-red/Black

CONTENT:

- 1x Receiver with neck loop
- 1x Transmitter and charging base
- 1x RCA to 3.5mm connection
- 1x 3.5 mm female to SCART connection
- 1x 3.5 mm female to 6.3 mm male adaptor
- 1x External microphone with attachment
- 1x Power supply
- 1x Instruction manual
- 1x 3.5 to 3.5mm connection
- 2x rechargeable batteries
